

This is how to report a problem with pavements. Use the link below

<https://www.hants.gov.uk/transport/roadmaintenance/roadproblems/paving>

All you need is the name of the road where the pavement problem is.

You do not need to leave you details if you don't wish to

A photo is helpful

Fordingbridge Town Council would appreciate a brief email to let us know what you have reported and when information@fordingbridge.gov.uk;

Pavement Problems and How to describe them

Badly laid and poorly repaired surfaces around manholes and other utility covers can be a trip hazard.

Potholes on pavements don't usually get the same attention paid to those on roads but both are a serious hazard to pedestrians.

TOP TIP

A coin placed in the photo can demonstrate the scale

Uneven and loose pavers are a hazard to all
